**2019 MODEL YEAR
FORD F-350 TRUCK OUTFITTED AS SPECIFIED BY SCELZI ENTERPRISES
QUOTE #149571**

1. The City of Belmont is requesting a firm price quotation for one (1) 2019 model year Ford F-350 SRW regular cab truck (610A/F3A), 142" wheelbase, 56" cab to axle, 6.2L V-8 gasoline engine with a 6-speed automatic O/D transmission (996/44P).
2. It is the intent of this specification to describe a truck used in maintenance/construction type work.
3. The manufacturer must use components, materials and design practices that are the best available in the industry for this type of operational condition to which this equipment will be subjected. Engine, transmission, differential, suspension, wheels, tires, and other equipment shall be heavy duty, selected to give maximum performance, service life, and safety; not just meet the minimum requirements of this specification.
4. The term "heavy duty" as used in these specifications shall mean that the item to which the term is applied shall exceed when deemed applicable, the usual quantity, quality, or capacity with standard production equipment.
5. Failure to read, examine and understand this specification will not excuse any failure to comply with the requirements of this specification or any resulting contracts, nor shall such failure be a basis for claiming additional compensation. If bidder suspects an error, omission or discrepancy in this specification, bidder must immediately and in any case not later than five (5) business days in advance of the bid due date notify the contact person listed in the vehicle specifications. The City is not responsible for and will not pay any costs associated with the preparation and submission of the bid. Bidders are cautioned to verify their bids before submission, as amendments to or withdrawal of bids submitted after time specified for opening of bids may not be considered. The City will not be responsible for any bidder errors or omissions.
6. Bid forms received after the designated time will not be accepted. The bidder assumes all responsibility for having the bid delivered on time at the place specified. All bids received after the date and time specified shall not be opened nor considered. No bidder may withdraw its bid for a period of thirty (30) days

after the date set for the opening of bids. The City reserves the right to reject any or all bids, and to waive any irregularities in the bids.

7. Bids will be reviewed by a screening committee comprised of City employees and/or authorized agents. The City staff may or may not initiate discussions with bidders for clarification purposes. Clarification is not an opportunity to change the bid. Bidders shall not initiate discussions with any City employee or official.
8. **CRITERIA FOR EVALUATION AND AWARD.** The city evaluates three categories of information: responsiveness, responsibility, and price. All bids, regardless of the type of solicitation, must meet the following responsiveness and responsibility criteria.
 1. **Responsiveness.** The City will determine whether the bid complies with the instructions for submitting bids including completeness of bid, which encompasses the inclusion of all required attachments and submissions. The City must reject any bids that are submitted late. Failure to meet other requirements may result in rejection.
 2. **Responsibility.** The City will determine whether the bidder is one with whom it can or should do business. Factors that the City may evaluate to determine “responsibility” include, but are not limited to: excessively high or low priced bid, past performance, references (including those found outside the bid), compliance with applicable laws-including tax laws, bidders record of performance and integrity, has the bidder been delinquent or unfaithful to any contract with the City, whether the bidder is qualified legally to contract with the City, financial stability in the perceived ability to perform completely as specified. A Bidder must at all times have financial resources sufficient, in the opinion of the City, to ensure performance of the contract and must provide proof upon request. The City reserves the right to inspect and review bidder’s facilities, equipment and personnel and those of any identified subcontractors. The City will determine whether any failure to supply information, or the quality of the information, will result in a rejection.
 3. **Price.** We will then evaluate the bids that have met the requirements above.
9. Clarification of any item in this specification may be obtained from Rico Acquisti, Senior Mechanic at (650) 595-7466.
10. **BIDDER QUALIFICATIONS.** All bidders must be licensed to sell and deliver vehicles in the state of California.

The burden of proof of compliance with this specification is the responsibility of the bidder.
12. The vehicle shall be a new 2019 model. The vehicle shall be supplied with all equipment and accessories indicated as standard equipment in the manufacturer's published literature. Optional equipment as necessary to meet the following specifications shall also be installed.
